

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 15-E-0302 - Proceeding on Motion of the Commission to
Implement a Large-Scale Renewable Energy
Program and Clean Energy Standard.

NOTICE SOLICITING COMMENTS REGARDING PETITION FOR HEARING TO
SUSPEND OR TEMPORARILY MODIFY RENEWABLE ENERGY PROGRAM

(Issued January 28, 2026)

The Public Service Commission (Commission) is considering a petition, filed on January 6, 2026 (the Petition), by the Coalition for Safe and Reliable Energy (Coalition) requesting that the Commission hold a hearing, pursuant to Section 66-p of the Public Service Law, to evaluate whether to temporarily suspend or modify the targets or provisions under the Renewable Energy Program established as part of the Climate Leadership and Community Protection Act (CLCPA).

The Coalition, which describes itself as a group consisting generally of associations, chambers of commerce, and other groups representing various businesses, industries, manufacturers, and constituencies from across the state, as well as two members of the state's Climate Action Council, affirmatively contends that the Renewable Energy Program and its associated renewable energy targets may impede the provision of safe and adequate electric service. In support of its request for such a review by the Commission, the Coalition points to information that it claims suggests that the State will not achieve the CLCPA targets that, by 2030, 70% of statewide electricity generation be from renewable energy systems, and that, by 2040, the electric grid be zero emissions. The Coalition also suggests the existence of decreasing reliability margins and aging fossil-fueled generation resources,
